**RE: Richardson Flat Monthly Status Report for October 2006**

Dear Ms. Hernandez:

This Monthly Status Report details site activities conducted at Richardson Flat for October 2006.

**Sampling Activities Conducted:**

No samples were collected in October 2006.

**Results:**

No results were received in October 2006.

**Other Activity:**

For the month of October 2006, activity at Richardson Flat consisted of moving stockpiled materials in anticipation of remediation construction, preparation of granular materials for the Wedge Buttress, generation of road-bed materials and placement of Bevill-exempt wastes from the Upper Silver Creek Watershed. A total of approximately 2,072 cubic yards (cyds) of material were placed onsite from developers in the Soil Ordinance area in Park City.

Wedge Buttress construction continued in October. Construction activities consisted of placement and compaction of buttress materials.

**Planned Activities: November and December 2006**

Remedial work at Richardson is shut down for the winter. Materials from various builder projects in the Upper Silver Creek Watershed may generate material during the remainder of the fall.

RMC will continue to work on documents and field activities as required to complete all required work at the Site.

If you should have any questions or comments, please contact me at 801-255-2626.
